SUMMERY

Innovative and results-driven software developer with expertise in designing, developing, and deploying scalable web and mobile applications. Proficient in JavaScript, React.js, Python, and cloud technologies like AWS, with a passion for writing clean, efficient code and solving complex problems. Seeking to leverage strong analytical skills, technical expertise, and agile development experience to contribute to the success of a dynamic software team."

INTERNSHIP/ PROJECTS

Java Development Intern   *09/2023-10/2023*
Codesoft

- Successfully completed hands-on training in Java programming and application development.
- Designed and implemented multiple projects, including:
  Number Game: Developed a simple yet engaging Java-based game to enhance logical thinking.
  Student Grade Calculator: Built a tool to dynamically calculate and display student grades.
  ATM Interface: Simulated an interactive, user-friendly banking application with key functionalities.
  Quiz Application with Timer: Created a time-based quiz app for interactive assessments.
  Student Course Registration System: Developed a functional system for managing student course enrollments.
- Gained experience in problem-solving, object-oriented programming, and creating user-centric interfaces.

Spotify Music app clone

- Developed a Spotify Music App project using Java, showcasing expertise in implementing core functionalities like music search, playlist creation, and user authentication.
- Integrated an intuitive user interface to enhance usability and streamlined backend operations to ensure efficient data handling. This project highlights proficiency in object-oriented programming, database management, and crafting engaging, user-centric applications.

SKILLS

Technical Skills

- **Programming Language-** Java, Basic c-# , C,C++,HTML ,CSS , JavaScript.
- **Database-** MySQL, MongoDB.
- **Framework-** Node.js , React.js .
- **Others-** Data Structure, OOPS, Operating System, Optimized Problem Solving ,Linux.

Hard Skills

- **Troubleshoot, debug,** and **resolve technical issues** within applications.
- Ensure the **reliability** and **performance** of software systems.
- Verify the **Software Designs** comply **with technical specifications**.
- Engage in all stages of the **software development lifecycle**, from conception through deployment.

Soft Skills

- **Works co-operatively** with others to achieve **team goals** and has a direct positive impact on **Software performance**
- **Articulate and Persuasive communicator** to the team.

EDUCATION

- B. Tech,GPA *7.31*   *2021-2025*
  Sagar Institute Of Technology and Research , Bhopal
- 12th (Secondary Education) ,Percent *89*   *2020-2021*
  Nalanda Higher Secondary School
- 10th (Secondary Education) ,Percent *89*   *2018-2019*
  Nalanda Higher Secondary School

CERTIFICATIONS

- **Certification of** – Carrier Young-Edge Profession Training
  Tata Consultancy Services
- **Certification of** –Linux Workshop
  Coding Thinker
- **Certification of** – Data Science Workshop
  Geeks of GuruKul

LANGUAGES

- English
- Hindi

PERSONAL DETAILS

Address- Ichhawar ,District Sehore, MP   **Gender**- Female   **DOB**- 03-03-2004   **Marital Status**- Single
